Summary

Senior Frontend Developer with **5+ years** specializing in the **React ecosystem**. Expert in **TypeScript** migrations, **cross-platform mobile development**, and building scalable applications. Proven track record of deploying 7+ apps to app stores and enhancing code quality through modern development practices. Strong background in React.js, React Native, TypeScript, and Node.js.

Technical Skills

- React.js and Next.js
- API integration
- React Native
- Redux mastery
- MobX-state-tree and Material-UI
- HTML5 and CSS3
- Node.js and Feathers.js
- REST APIs and Socket.IO
- iOS and Android deployment
- App Store Connect and Google Play Console
- PostgreSQL and MongoDB
- Firebase Realtime Database and Cloud Storage
- AWS Amplify and Git
- GitLab and Bitbucket
- TypeScript and Stripe API
- Google Maps API and One Signal
- Jira and Google Analytics
- Agile development and unit testing
- Debugging and performance optimization
- Team collaboration
- Attention to detail
- GitHub Actions

Professional Experience

LeaseTeq AG
Full Stack JavaScript Developer
07/2025 - 08/2025

- Developed and integrated features for both the front-end and back-end using Next.js.
- Implemented responsive UI components using Tailwind CSS.
- Fixed high-priority bugs and helped the team to resolve new ones.

Ruh Corp
Full Stack JavaScript Developer
09/2022 - 10/2023

- Upgraded the React Native version and updated libraries to improve performance and security.
- Integrated Google Pay and Apple Pay using Stripe Gateway, enhancing payment options for users.
- Implemented Google Analytics to track user behavior and improve decision-making.
- Set up an In-App Purchase (IAP) payment system, increasing revenue streams.
- Links: Mobile: Google Play, App Store

Casting Arabia LLC
React & React Native Developer
01/2022 - 07/2022

- Migrated the codebase from JavaScript to TypeScript, improving code maintainability and reducing bugs.
- Integrated Facebook, LinkedIn, and Apple Login for seamless user authentication.
- Implemented UI components using Next.js (SSR) and Material-UI, ensuring responsive design.
- Deployed the Next.js app on AWS Amplify and linked it with a GoDaddy domain.
- Links: Web: Casting Arabia | Mobile: Google Play, App Store

NISR Project
React Native Developer (Part-time)
02/2021 - 06/2022

- Integrated the application with Firebase Realtime DB, Cloud Storage, and Firebase Authentication.
- Ensured secure and scalable data management.

Various Projects & Clients
React Native Developer
01/2019 - 01/2022

- Developed and deployed 7+ mobile applications to Apple App Store and Google Play Store.
- Integrated various Firebase services for data, authentication, messaging, and notifications.
- Implemented Google Maps for tracking moving points and locating targets.
- Collaborated with teams using PHP Laravel, Python Django, and Feathers.js APIs.
- Built pixel-perfect, smooth UIs for both iOS and Android platforms.
- Developed reusable React.js and React Native components.
- Plutoo Mobile: Google Play

Education

Al-Azhar University | Palestine
Bachelor's Degree in Computer Science, **Graduation: 2026**

Training Programs

- Full-Stack JavaScript Web Development, Gaza Sky Geeks, Gaza
- Freelance and Social Media Marketing, Gaza Sky Geeks, Gaza
- Web Applications Development, Center of Competence in IT Sector, Gaza
- Professional Ethical Hacker, Guidance Co. For Consultations & Training, Gaza

Key Achievements

- Successfully deployed 7+ applications on the Apple App Store and Google Play Store.
- Migrated multiple projects from JavaScript to TypeScript, improving code quality and maintainability.
- Integrated payment gateways (Stripe, Google Pay, Apple Pay) and analytics tools (Google Analytics).
- Enhanced application performance through React Native upgrades and library updates.
- Implemented social authentication (Facebook, LinkedIn, Apple Login) across multiple projects.
